WARNINGS

IMPORTANT SAFETY INSTRUCTIONS

- SAVE THESE INSTRUCTIONS – This manual contains important safety and operating instructions.
- Before using this product, read all instructions and cautionary markings.
- Do not expose the LED Charging Cable to rain, moisture, or snow.
- Use of an attachment not recommended or sold by the manufacturer may result in a risk of fire, electric shock, or injury to persons.
- Do not operate with damaged LED Charging Cable – replace it immediately.
- Do not operate the LED Charging Cable if it has received a sharp blow, been dropped, or otherwise damaged in any way; take it to a qualified serviceperson.
- Do not disassemble the LED Charging Cable; take it to a qualified serviceperson when service or repair is required. Incorrect reassembly may result in a risk of electric shock or fire.
- To reduce risk of electric shock, disconnect the LED Charging Cable before attempting any maintenance or cleaning. Turning off controls will not reduce this risk.

CAUTIONS

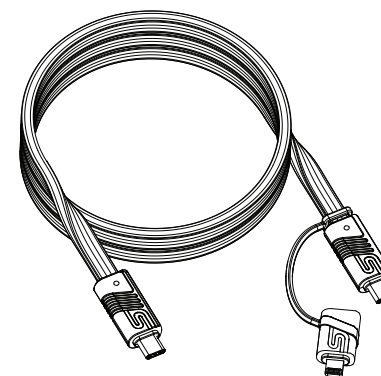

1. Do not install or use product if it, in any way, impairs the safe operation of your vehicle.
2. Follow manufacturer's instructions to ensure the product is properly and safely installed.
3. Check your state or provincial laws before installing. Vehicle owner must comply with all applicable laws.
4. Manufacturer and Seller assume no liability for installation or use, which are solely the responsibility of the purchaser.
5. The Manufacturer and Seller are not responsible or liable for consequential, incidental, or indirect damages, whether to person or property, resulting from the installation or improper use of this product.

⚠ WARNING: This product can expose you to chemicals including Di(2-ethylhexyl)phthalate (DEHP) and Diisononyl Phthalate (DINP), which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SPECIFICATIONS

Power Delivery:	PD 65W Max.
Number of RGB Light Modes:	6
Number of Single Color Modes:	7
Number Of LEDs:	60
Brightness Levels:	100%, 50%, 0% (Off)
Operation Temperature:	-4°F to 140°F (-20°C to 60°C)

PACKAGE INCLUDES

3FT USB-C To USB-C Cable (With Lightning Adapter)

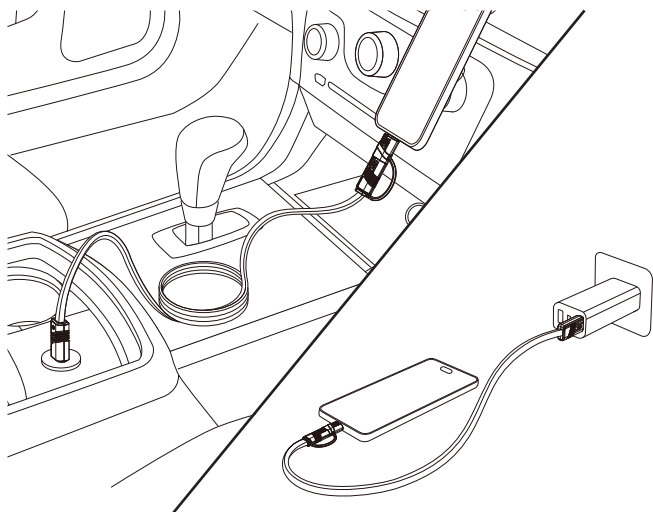

CHARGING YOUR DEVICE

The cable features a built-in adapter for instant connector switching. Simply snap it into place to convert and charge compatible devices.

1. Connect one end of the cable to your device. If charging a Lightning device, first snap the adapter into place.
2. Connect the other end to a power source, such as a USB car charger (not included), a power bank (not included), or a wall adapter* (not included).

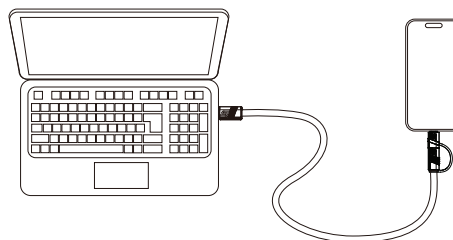

Notes:

- *To reduce the risk of fire or electric shock, use a power adapter that is appropriate for the application and certified as a Class 2 or LPS power supply.
- Make sure the cable is securely plugged into both the device and the power source. Loose connections may cause charging interruptions.

TRANSFERRING YOUR DATA

You can also use the cable to sync and transfer data between compatible devices, such as transferring files between your phone and laptop or tablet.

LIGHT MODES

The cable features a variety of dynamic light effects that enhance your charging experience.

1. When connected to both the power source and your device, the LED lights will turn on at full brightness (100%) by default. Press and hold **⏻** to dim the lights. Press and hold again to turn them off. The cable will continue to charge your device even when the lights are off.
2. When the lights are on, tap **⏻** once to switch between different light effects: Long Chase > Flash Cycle > Medium Chase > Rainbow > Fast Chase > Pulse/Breathing Cycle.
3. Alternatively, double-tap to enter Single Color Mode. Double-tapping again will cycle through the 7 available single color options: Red > Orchid > Purple > Blue > Cyan > Green > Lime Green. Single-tap at any time to return to RGB Mode.
